

THE HEALTH CARE IMPROVEMENT FOUNDATION
Building Partnerships For Better Health Care

Delaware Valley Patient Safety and Quality Award Program

The Health Care Improvement Foundation is celebrating 20 years of the Delaware Valley Patient Safety and Quality Awards. This annual award program recognizes health care organization initiatives that demonstrate effective collaboration and innovation in advancing patient care.

Launched in 2002, the Delaware Valley Patient Safety and Quality Award is an exclusive program for the Partnership for Patient Care (PPC)—a unique collaboration between Independence Blue Cross, HCIF and the region’s hospitals and health systems. The program promotes the adoption of evidence-based clinical practices through shared learning, networking, and best practice exchange among health care providers and partners across Southeastern PA.

HCIF's Award Process

How Winners Are Determined and Recognized

What Participants Say

"...very good program in that it highlights quality and safety work and brings much needed recognition to that work."

-Judge

"I appreciate [HCIF's] efforts to recognize and reward innovative and effective patient safety initiatives; the opportunity to exchange ideas with local colleagues is very valuable."

-Judge
